

One Step Secure IT Joins Delaware Automobile and Truck Dealers' Association as IT and Cybersecurity Vendor for Auto Dealerships

PHOENIX, AZ | MARCH 2024

—One Step Secure IT proudly announces its partnership with the Delaware Automotive and Truck Dealers' Association (DATDA) as a vendor offering IT and cybersecurity services to auto dealerships. This collaboration marks a milestone in One Step's pursuit of fortifying cyber defenses and ensuring operational resilience across the automotive industry.

One Step Secure IT offers services to auto dealerships nationwide and is a member of other Auto Dealers Associations across the U.S. One Step Secure IT is also partnered with FordDirect's The Shop, providing Third-Party Risk Assessments, Outsourced IT and Cyber Services, Outsourced vCISO Services, Cybersecurity Services, and IT & Compliance Consulting to Ford Dealers and Lincoln Retailers.

One Step offers IT, Cybersecurity, Compliance, and Information Security Services that give dealerships access to a full team of experts to help them optimize and secure their business technology. One Step also offers third-party risk assessments, dark web scans, and penetration testing.

"Partnering with DATDA underscores our commitment to safeguarding auto dealerships nationwide. At One Step Secure IT, armed with 35+ years of expertise in business technology, cybersecurity, and IT, we help dealerships optimize IT operations and protect business assets," One Step Secure IT Founder and CEO Scott Kreisberg said. "We aim to provide auto dealerships with the resources and expertise needed to safeguard their financial interests and thrive in a competitive market."

One Step Secure IT is an outsourced IT company with over three decades of experience protecting data from breaches. By leveraging state-of-the-art technologies and best practices, the company empowers organizations to mitigate the risks associated with cyber threats, minimize downtime, and uphold customer trust.

As cyber threats evolve, One Step Secure IT remains dedicated to empowering auto dealers with the tools and insights needed to thrive as technology and security threats continue to evolve.
